

BURBEGEL

Universal disinfectant

NON-FOOD

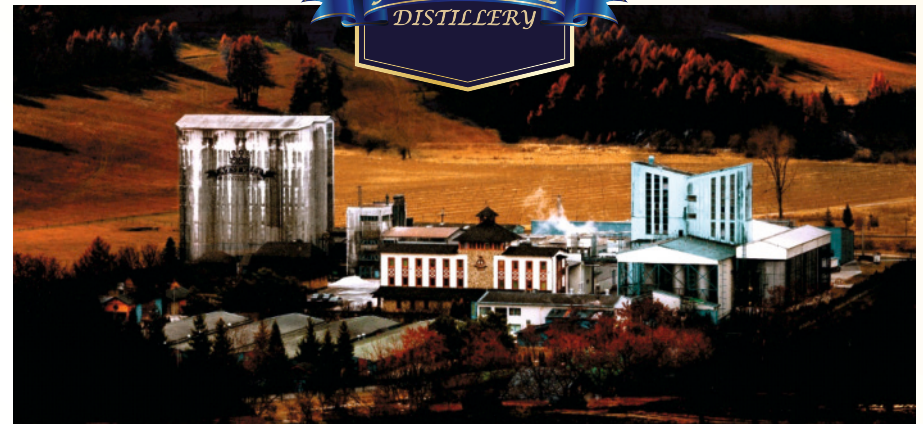

BURBEGEL PLUS UD

BURBEGEL is a liquid biocidal, bactericidal, and virucidal disinfectant that is based on alcohol (ethanol 70% v/v). Intended for direct external application – disinfection of the skin, surfaces, tools, and utensils. It quickly and safely disinfects alcohol-resistant surfaces. This product is designed for use both in the home and, especially, in professional settings.
